## TRAITORS REALLY DECLARE PEACE?

PAID HOUSE OF REPRESENTATIVES WILL SUBMIT ANOTHER FAKE PLAN TO END THE WAR.

By the Associated Press

WASHINGTON, April 30.—The state of war with Germany and Austria would be eliminated under a resolution reported today by the senate foreign relations committee, as a substitute for the house resolution to end the war with Germany alone.

The vote on the resolution was 9 to 6, with all of the republicans supporting it and all of the democrats lining up solidly in opposition. It is planned to call up the resolution for a day in the senate next week, and final action is expected within two or three weeks.

## SUMMER PUPILS TO LIVE IN TENTS OVER IN DURANT

DURANT, April 30.—Tent houses in a tent city on the campus will greet the 1,500 teachers expected at the summer session of the Southeastern State normal, according to plans of President Bennett.

More than 100 men in groups of four to eight men will camp under army water proof canvas at a cost of 50 cents a week. The city will be located on the campus near the library which will be used as a study hall. All modern conveniences including electric lights will be furnished. Meals will be given in cafeteria style at cost.

President Morrison of the Oklahoma Presbyterian college has opened a dormitory to the teachers, giving them room and board, and transportation to and from the normal at a low rate. He can care for 100 at the college.

Teacher students are expected to be drawn from all places in this district. Those in this district who have previously gone to other normals in the state probably will come to the Southeastern Normal school this year, according to information received in letters from the teachers.

Superintendents in the district are said to be urging all their teachers to attend the summer session at the normal school. The organization of the Red Red Rose which originated in this normal is claimed to be influencing teachers to come here.

Twenty-four additional members are being added to the faculty for the summer school session. Each county is furnishing two of their best superintendents to aid in the session. In all 50 professors will be on the faculty.

## ROY E. STAFFORD IS AFTER HARRELD IN CONGRESS RACE

OKLAHOMA CITY, April 30.—Roy E. Stafford today formally announced his candidacy for congress from the fifth district on the democratic ticket. Stafford was defeated for the nomination for this office last fall at a special election by Claude Weaver, who was defeated at the election by Congressman J. W. Harreld, republican.

In his platform Stafford declares for the funding of the war debt with long term bonds, for the elimination of luxury and excess profits taxes, for making permanent the federal plan of road building, a national budget system and against universal military training.

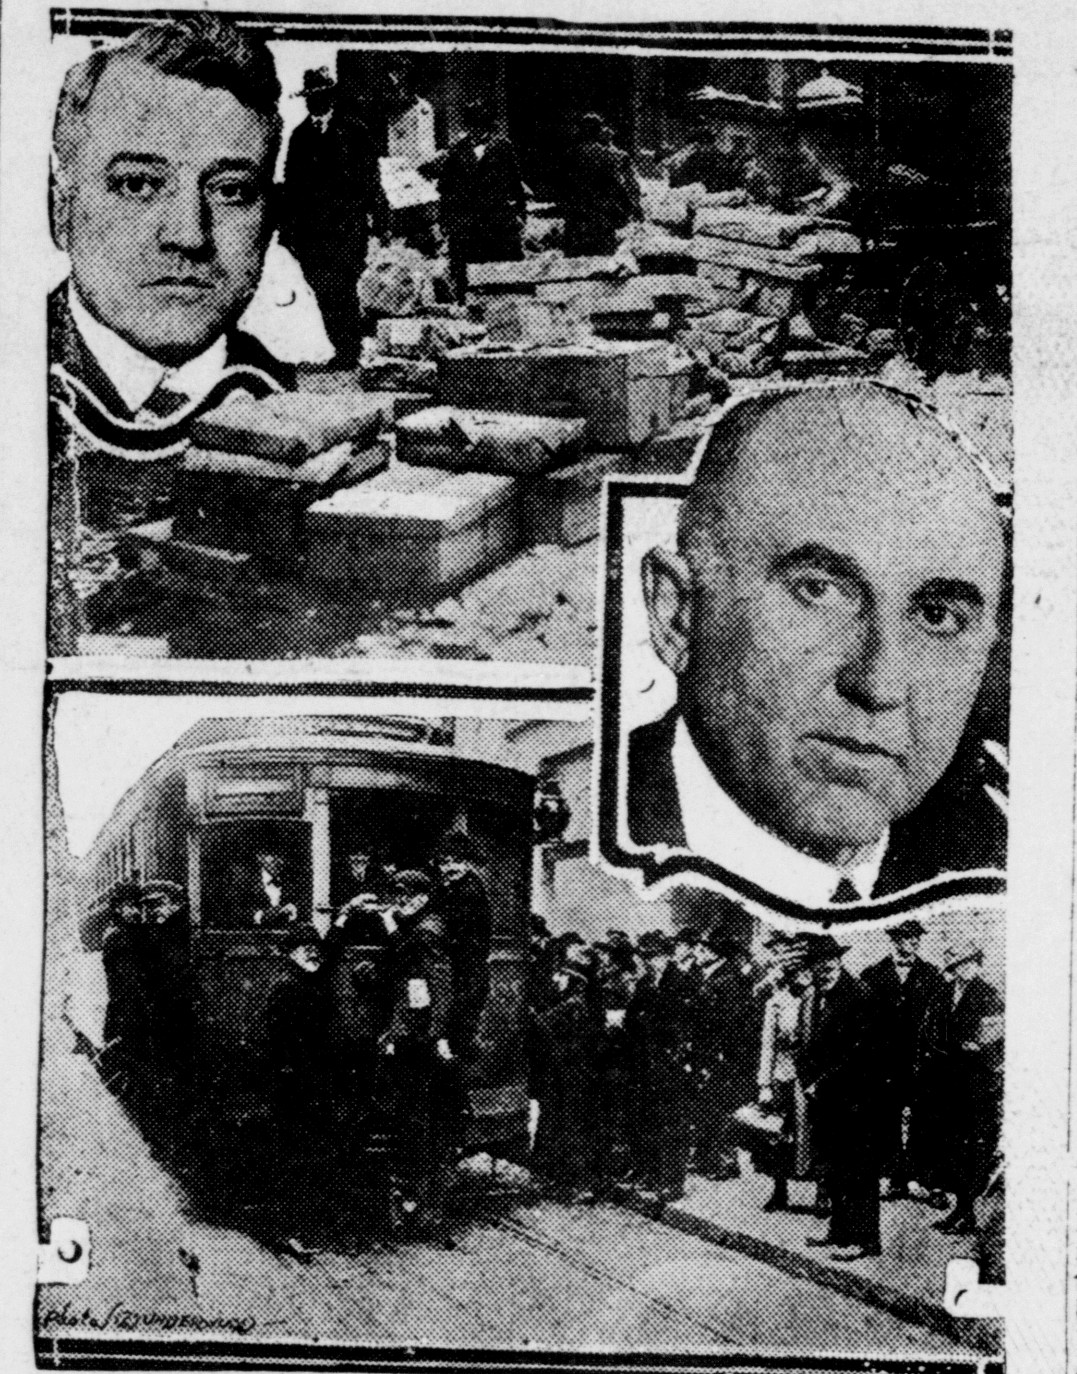

## Shawnee Editor Visits Ada and Behaved Exceedingly Well

H. G. Spaulding of Shawnee, editor and publisher of the Shawnee News, was in Ada yesterday afternoon between trains and honored the Evening News with a pleasant fraternal visit. He was spending a few hours in Ada, but had no chance whatever to manifest any of those away-from-home qualities for which editors are famous, as Mrs. Spaulding was with him. Come again, Brother Spaulding—misery loves company, you know.

Notice Masons  
Ada Lodge No. 119 will meet in called communication at 7:30 to-night. Work in Fellow Craft degree. Visiting Masons welcome. R. H. GLADWILL, W. M.

WEATHER FORECAST  
Tonight is thought to be fair. It will be colder in the east portion of the state. There will probably be light frosts in the north-eastern portion of the state. Saturday it will be generally fair, with rising temperature in the western portion.

## RAILROAD STRIKE HITS COUNTRY HARD

A. F. Whitney (upper left); John Grunau; stacks of parcel post mail piled in street in front of Chicago postoffice; crowd hanging on trolley leaving Hackensack, N. J., for the Fort Lee ferry, N. Y.

The pictures illustrate the outflow of railroad strike which is tying up the great traffic centers of the country. The strike started when John Grunau was replaced as conductor of a Milwaukee road carrying workmen to Chicago. The walkout began as a protest against Grunau's removal. A. F. Whitney of Chicago, vice-president of the brotherhood of Railroad trainmen, is a leader in the battle of the recognized unions to break the unauthorized strike.

## FREIGHT CONDITIONS RETURNING TO NORMAL

By the Associated Press

OKLAHOMA CITY, April 30.—Freight conditions in the railroad yards here rapidly were returning to normal today, with the return to work of nearly half of the switchmen, who walked out late Tuesday night, without assigning any reason for their action. Officials of all railroads reported the return of some men. Those remaining out were to meet today and take a vote on returning.

Packing plants, which were forced to lay off half of their men yesterday, as a result of the strike, today were augmenting their forces. Passenger traffic has not been affected by the strike, according to railroad officials.

## "MOST DAMNABLE" CONSPIRACY IN HISTORY IS UPSET

By the Associated Press

WASHINGTON, April 30.—Attempts to break up "the most damnable conspiracy against the government in the nation's history," was frustrated by a disagreement between the department of labor and justice. Chairman Johnson of the house immigrant committee testified today at the renewal of the investigation of the rules committee of deportation warrant issued Louis F. Post, assistant secretary of Labor.

A big majority of those held were released, Johnson said. The department of justice did its part, he added, but an obstacle appeared in Secretary Post.

## Fitzhugh Burglars Are Bound Over To The District Court

Troy Kelly and Ollie Gant were bound over to district court on a burglary charge by Justice Brown yesterday afternoon. Their bond was fixed at \$1,000 each. S. A. Revell, charged with receiving stolen property, was discharged. The defendants were charged with burglarizing the store of J. A. Hart at Fitzhugh some time in January. Revell was charged with receiving the property stolen from the Hart store. At the preliminary trial yesterday the defendants were represented by Bullock & Orr.

The cost of running the federal government in nine months ending March 31 was \$5,028,176,000.

The upper picture shows how the strike has overwhelmed the parcel post division of the Chicago post office. Because of the express tie-up caused by the railroad strike packages formerly shipped by express are now being sent by mail. Train service into New York city has been crippled, and street cars running from New Jersey points to the Fort Lee and other ferries are jammed.

## KANSAS JUDGE KEEPS DOWN ILLEGAL STRIKE

By the Associated Press

PITTSBURG, Kan., April 30.—Following the announcement of his decision that the new court of industrial relation law is constitutional, Judge Curran, in the county district court today, granted a temporary injunction enjoining Alexander Howat and other district and local union officials of the Kansas district of the united mine workers from calling a strike.

Judge Curran did not make the injunction mandatory, as the state had asked, stating that it had been shown that the Kansas miners now were at work.

## Darktown Woman Was Arrested Today For Making Choc

Miss Minerva Howard of Darktown was arrested this morning by Sheriff Duncan on a charge of manufacturing intoxicating liquor. A visit to her home yesterday by the officers resulted in the confiscation of a goodly quantity of that well known beverage, choctaw beer. Miss Howard was arrested this morning and will be given every right and privilege guaranteed to her by the constitution of the United States.

## SPRING CLEAN UP IN CHICAGO GETS MANY IN THE BAG

By the Associated Press

CHICAGO, April 30.—More than three hundred and fifty persons were held at police station today, having been arrested in what Police Chief Garret termed a "Spring clean up" of criminals.

Among those held were alleged radicals. Chief Garret said he did not believe the "Reds" intended to have a May Day demonstration tomorrow, but he thought it advisable to take precaution.

Death of Miss Wilborn.  
Miss Stella Wilborn died at the home of her mother in North Ada this morning after a long illness. She was 26 years of age at the time of her death. Funeral services will be conducted by Rev. C. V. Dunn at the Christian church tomorrow at 11 A. M., with interment following in Rosedale cemetery.

## ALVA NORMAL WINS DEBATE

AFFIRMATIVE SIDE TAKES HONORS FROM EAST CENTRAL. LOCAL BOYS MADE FINE SHOWING

The debate last night at the Normal auditorium in which the East Central Normal boys contested for state honors against Northwestern Normal, was won by the visiting team from Alva.

The subject of the debate was, Resolved; That Settlement by arbitration of labor disputes shall be made mandatory by national legislative enactment.

There were four men taking part in the debate, two on each side. They were allowed 15 minutes each in which to speak, with five minutes each for rejoinder. The Ada debaters were Robert Wimbish and William Riddle. Alva was represented by A. L. Miller and J. C. Ryan. Mr. E. Barrington was sent by President Brooks from the state university to act as judge. Ada had the negative side of the proposition.

Before the debate opened Miss Gervis Bills delighted the audience by singing "The Bells of St. Mary's." After the debate was finished Miss Lela Hicks gave a beautiful piano solo. While this solo was being played 5-year-old Pauline Robinson, little daughter of Prof. and Mrs. R. R. Robinson walked onto the stage and presented each debating team with a beautiful bouquet of flowers. The evening closed with a reception to the debaters given by the home economics department of the Normal, sponsored by Miss B. Alice Francisco. Punch was served and the visiting debaters were given a glad welcome to East Central.

## LAST MINUTE NEWS

Wood Leads in New Jersey.

By the Associated Press

NEWARK, N. J., April 30.—Complete and corrected figures in the New Jersey preference primary gave General Wood today a lead of 1207 votes over Senator Johnson. The votes stood: Wood 52,608; Johnson 51,401.

Anarchist Movement is Feared.

By the Associated Press

LONDON, April 30.—The situation in the Ruhr district is grave, and an anarchist movement is feared, according to a Berlin dispatch to the Central News. A large secret stock of arms had been discovered on an island in the Baltic sea.

Wilson Appoints Radicals.

By the Associated Press

WASHINGTON, April 30.—Henry Jones Ford, professor of politics at Princeton University, and James Duncan of Quincy, Mass., a former vice president of the American Federation of labor, were nominated today by President Wilson to be members of the Interstate Commerce Commission.

Harding's Man Defeated.

By the Associated Press

COLUMBUS, Ohio, April 30.—By a margin of but 307 votes, Harry M. Daugherty of Columbus, National Campaign manager for Senator Harding, was defeated in Tuesday's primary for delegate at large to the republican national convention at Chicago, complete returns from the state showed last night.

## TWO NEW PLAYERS IN GAME SUNDAY

Local ball players have joined the two new players this week and they will both play in the game Sunday. One is a second baseman and the other is a pitcher. The fans will see something to surprise them when they see these men play. The game Sunday will be with the Tupelo team. This game was scheduled for last Sunday but on account of rain it could not be played. Tupelo has a strong team. The game will be called at 3 o'clock sharp.

Absent Minded

The Chinese must be the most absent minded people in the world. They invented more things than any other race of people—and then went and forgot them. A few inventions claimed as originally Chinese are: gunpowder, the telephone, stilts, coal, paper money, cards, dominoes, chop suey, Chinese restaurants, rats, birds' nest soup and long finger nails.

For the first three months of 1920 Liberty Bonds were retired to the amount of \$128,696,048.

## HOME AGAIN HIRAM—A \$6 a day Job at the Salt Works Sounded Good, Till He Tried It Out.

## NORMAL SCHOOL TO CELEBRATE TOMORROW

The East Central State Normal school will celebrate May day tomorrow in befitting style.

In the forenoon many classes will have exercises in the Normal building at which May Queens will be crowned and other features rendered. In the afternoon there will be no school, but the pupils of the institution will assemble at the Normal building at 1:15 o'clock and march to the city lake.

At the lake there will be fishing, bathing and boating, and many interesting games will be played. Lunch will be taken to the lake and at 5 o'clock the pupils will assemble by classes and enjoy lunch together.

A great time is expected by the pupils and faculty.

## "PATROL" SYSTEM OF ROAD UPKEEP URGED BY WOOD

OKLAHOMA CITY, April 30.—"One of the most necessary things to bring about a good system of roads in Oklahoma is a change in the methods of maintenance," Henry Wood, state highway commissioner, told the Kiwanis club at the Hickman hotel at noon yesterday. "Under the present system of allowing the county commissioners to make dragging contracts with farmers along the roads, a great deal is lost because many of the farmers who get contracts know nothing of caring for the roads."

Wood advocated as a substitute for the present manner of maintenance the "patrol" system, by which contracts are made with engineers to have charge of the maintenance of certain sections of road.

The commissioner named a long list of counties which recently have voted road bond issues or have elections pending and asserted that the chief impetus to the good roads movement in the state was given by the campaign for and against the proposed bond issue of \$50,000,000 by the state last spring.

"There has been some protest against the new automobile tax, but I think this will convince you that it is entirely justifiable. If a man owns a home worth \$3,000 he pays on it a tax of about \$105 a year; if he owns a \$2,000 automobile he pays a tax now of something more than \$28," Wood said.

## RADICALS TO HAVE HARD SAILING ON MAY DAY EVENT

By the Associated Press

WASHINGTON, April 30.—Federal agents have been instructed to "go as far as the law will allow" in breaking up May Day demonstrations.

In making this announcement, Assistant Attorney General Garvin said the department of justice officials were concentrating on an effort to protect the lives of officials, federal and state, said to have been marked for destruction and to prevent violence generally.

## CLEARINGS GAIN ARE NOT UP TO AVERAGE

OKLAHOMA CITY, April 30.—Oklahoma City gained 38.5 percent in its bank clearings in March 1919, while the average gain of twenty-one clearing houses in the Tenth federal reserve district was 44.2 percent, according to the monthly bulletin of the federal reserve bank at Kansas City, received here yesterday.

With its total clearings of \$59,363,761 for March, 1920, Oklahoma City is seventh in the list of cities in the district, the bulletin shows. Cities ahead of Oklahoma City in total clearings in order of procedure are Kansas City, Omaha, Denver, St. Joseph, Tulsa and Wichita. While Oklahoma City increased its clearings over March, 1919, by 38.5 percent, Tulsa increased 59.1 percent and Wichita increased 32.2 percent. Although Muskogee is eleventh in total clearings, it increased over last year 104.3 percent. Okmulgee is fifteenth in total clearings. Its increase is 119.8 percent. Bartlesville is eighteenth in the list in total clearings. It increased 65.9 percent.

Oklahoma City stands fourth in value of new buildings being constructed in March, with total permits listed as \$847,345. Tulsa is listed as second with permits of \$1,072,935. Oklahoma City received 1,428 cars of livestock in March, there were 29,489 head of cattle, or more than was received at Denver or Wichita. Oklahoma City led those cities also in receipt of calves, although it was surpassed by them in both hogs and sheep.

The bulletin estimated that the daily average of new oil production in Oklahoma in March was 59,831 barrels, as compared with 11,166 barrels in Kansas and 4,570 in Wyoming. It reported 1,999 rigs and wells being drilled in Oklahoma, 528 in Wyoming and 481 in Kansas.

## Mrs. Hilliard Is Seeking A Divorce From Her Husband

Mrs. Cora Hilliard filed suit in district court yesterday for divorce from her husband, W. H. Hilliard. She is represented by Bullock & Orr as attorneys.

Plaintiff states that she was married to defendant at Roff on July 12, 1908. That of this marriage three children have been born. That for the past two or three years defendant has been guilty of extreme cruelty and habitual intoxication, coming home frequently in a maudlin state of drunkenness. Wherefore plaintiff prays for divorce and the costs of this action.

Harding to Withdraw?

ALBANY, Ind., April 30.—Reports that he would withdraw from the race for the republican nomination for president, following the alleged poor showing he made in Ohio, his home state, in the presidential preference primary, were declared without foundation by Senator Harding, who delivered an address here last night. Mr. Harding said he did not at the present have any intention of withdrawing.

## HE JUST LIKED TO KILL PEOPLE

MARRIED WOMEN AND MURDERED THEM FOR THE FUN THERE WAS IN IT, IS THE CONFESSION OF HUIRT

By the Associated Press

LOS ANGELES, Calif., April 30.—At least two of the numerous women James A. Huirt is alleged to have married are reported murdered, according to an alleged confession made public early today by his attorney and county officials. Huirt said he could not remember what happened to some of the women, because of his still weakened condition, resulting from two attempts to commit suicide, the reputed confession said. Huirt has been held here several days while officers investigated reports of numerous marriages.

He married twelve or fifteen women, probably more, the officers quoted Huirt as saying. A desire to kill obsessed him four years ago, Huirt was alleged to have said, and women were his especial victims. There was no direct motive for their deaths and he had no desire to kill men, children or animals, he was quoted as saying. The women Huirt confessed having slain were Nine Lee Deloney and Elizabeth Pryor, the officers said. They quoted Huirt as saying, he killed the former at Long Beach, California, with a hammer, and the other at Plum, Washington, by crushing her head with a sledge hammer.

He admitted the officers said, that he had no exact motive in killing his victims. Some of the slayings were the result of violent quarrels, they were quoted him as saying. He said, they declared he had killed some women, who had no money.

"Something just told me to do it," he was quoted as saying. He told them that he obtained a certain satisfaction in the very act of murder, the officer said, and that he felt a certain relief when his victims were dead.

## FERRIS BILL IS FOR PURCHASE OF FARM LOAN BONDS

WASHINGTON, April 30.—Representative Scott Ferris today introduced a bill authorizing the secretary of the treasury to purchase from time to time during the fiscal years 1920 and 1921, farm loan bonds in the aggregate amount of \$100,000,000.

Ferris is conferring with leaders Mondell and Clark and will press for action within the coming week. Treasury department officials also will be taken into conference. Ferris' statement follows:

The introduction of my bill is occasioned by the fact that during last July the old line farm mortgage bankers companies instituted suit in Kansas City in the circuit court of appeals, challenging the constitutionality of the tax free provisions of the bonds issued under the authority of the farm loan act.

"This case was argued in the supreme court the first week in January of this year, and on last Monday the court ordered a reargument of the case, which in view of the recess which the court will shortly take, means that the decision cannot possibly come until some time after this year.

"In the meantime it is unwise, if not impossible, to sell farm loan bonds where legality is under challenge and it is only from the proceeds of the sale of bonds that farmers are entitled to get the money through the farm loan system.

"I understand that there are already on hand, with appraisals and title examinations already made, applications for loans thoroughly closed up aggregating \$20,000,000 and in addition to this the normal needs of the farms from now until October will aggregate at the lowest minimum, not less than \$50,000,000 additional.

The very abnormal financial situation in the country, with the price of call money increasing every day, make it almost impossible for farmers who had expected to carry their indebtedness through this system to do so and complaints are already coming in that many of these applicants are under the very shadow of foreclosure.

"I feel that congress could perform no greater service to agriculture, especially in these days when farm production is so uncertain, and yet so absolutely necessary, than to see to it, as far as possible to do, that the financial needs of these farmers are taken care of.

# HOUSTON PLEADS FOR COOPERATION

SOUNDS WARNING AGAINST EX-TRAVAGANCE IN DISCUSSING ECONOMIC QUESTION—SAYS PRICES TOO HIGH

Secretary of the United States Treasury, David F. Houston, in a recent address sends a warning against extravagance in discussing economic questions, defends the reserve plan and declares that prices are too high. As a partial remedy he recommends a modification of the taxing plan.

"Now that the war is over and the United States has come out of it victoriously," the Secretary said, "there are those who believe that the United States will be able to maintain a position in the world, but at the same time be apart from it.

"This is idle talk, for there are entanglements which are necessary to national life. What we must do is to control those entanglements so as to prevent war.

"At present we are neither at war nor at peace, and while the situation here in our own country is better than it is in Continental Europe, and while the American Government has stood the strain and must have the co-operation of business men and bankers if we are to shoulder these great burdens as we have done since the war began.

"There is the tendency on the part of many to criticize the Federal Reserve system. But I want to assure you that this criticism is unfounded. No politics have entered into the operation of the Federal Reserve system at Washington, and I have taken the firm stand that, with my consent, no politics will ever affect this system. The treasury department and the federal reserve system have enough burdens to bear without unfair criticism, and it

is because of these burdens that co-operation is needed.

"This country, financially, will probably never return to a pre-war condition. That is economically impossible but we must make efforts to get back to normal as near as possible. Prices are high and for many reasons. Principally, I may say, because of the increased demand and the decreased production, because of the demand for credit with which to finance industrial enterprises, because, in many cases, of profiteering, but those prices ought to come down, and they will come down but don't expect this downward movement to begin immediately.

"The tax system," he said, "should be modified and simplified. Under the present law the Treasury Department can not make a final settlement with the taxpayers. It would be better for the treasury to lose a little money occasionally than to disrupt business."

The excess profits tax, he said should be modified or simplified, and if necessary, abolished. "It hits some profiteers," he explained, "but it has many disadvantages. It depends too much on mere accidental form of organization, although often it works spasmodically and unjustly. However, it would not do to abolish it without a sub-

stitute, but I am by no means in favor of all the substitutes that have been offered, especially the consumption tax.

"The people of the United States have expended \$38,000,000,000 since the war began; they have a debt of \$24,000,000,000, yet the Government has stood the strain without any suspension of specie payments and without any great disorder. The country therefore, is in good shape to solve the pressing problems of the present and to meet those which shall arise in the future."

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisons matter in one's system. If you have a pale face, hollow cheeks, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

**Resolution**

Whereas, the Board of Education of the City of Ada, of the State of Oklahoma, a body corporate and duly organized and existing as the corporate authority of the city school district comprising said City of Ada and the outlying territory annexed thereto for school purposes, has determined the assessed valuation of said Board of Education for the fiscal year beginning July 1, 1920, and ending June 30th 1921, is not sufficient by a levy of five mills to create a fund sufficient to provide the funds that will be required to be raised by taxation for the support and maintenance of the schools controlled by said Board of Education for the said fiscal year; and

Whereas, It has been determined that an additional levy of 10 mills will be required for such support and maintenance:

Now, Therefore, Be It Resolved, by said Board of Education that a special election be called for the purpose of submitting to the qualified voters of said school district, comprising said city and territory annexed thereto for school purposes, the question of increasing the levy of said school district in the amount and for the purposes as above set forth.

Adopted and approved this 21st day of April, 1920.

L. T. WALTERS,  
President Board of Education of the City of Ada, of the State of Oklahoma.  
Attest: Mabel Browall, Clerk.

**WHAT IS CHANCE FOR DEMOCRACY IN JAPAN?**

Mr. Robert Young, editor of the Japan Chronicle, answers this question in the April World Outlook as follows:

"Notwithstanding the recent changes in the qualifications for the franchise, the people have very little voice in the government of the country. Despite the large growth

of industrialism in the country it may be said that there is really no representative in the Diet of any popular movement among the workmen. The Diet is composed chiefly of men interested in the land, more particularly as landlords. Therefore, they tend to place agricultural interest in the foreground. Consequently the problem of industrialism receives little attention in the Diet. A combination of labor for the purpose of obtaining a raise in wages by striking is illegal, though that regulation is crumbling before the pressure of labor.

"While there is much talk about

democracy in Japan, it must be remembered that democracy looks very different in Japan from what it does in the west and is more often than not flavored by jingoism. The idea of government by the people is not even discussed and would probably not even enter into the minds of advanced Japanese be-

cause it would threaten the imperial supremacy.

"Japan has gained her place in the sun; the only question now bothering us is whether she will have the wisdom to retain it."

**Take a Real Ride in the Cleveland, and You'll Know What a Car It Is**

The Cleveland Six, the sensation of the year among light sixes, is selling itself to thousands who use discrimination in picking out the car they want.

To attempt to describe the qualities of the Cleveland Six is no easy task. You must ride in it to know it. Take a real ride and you begin to understand that here is a better light six, very much better. It has an enclosed over-head valve motor, of exclusive Cleveland design and manufacture and tested in road work for three years before being offered the public, that gives performance unsurpassed.

A real ride will show you, better than can be told you, that the Cleveland has power and pick-up and flexibility and ease of driving that do not come with many other cars. Low-hung spring suspension and splendidly upholstered cushions wipe out the road bumps. Beautiful body lines place the Cleveland above the usual plane in appearance. Upholstery is of genuine hand-buffed leather.

## KEEP IT IN THE FAMILY

The latest Official Register of the United States, containing the name and salary of every employee of the United States, has just been published by the U. S. Census bureau. On page 21 of the official register will be found the following:

"Clerk to Senator Gore, Howard M. Kay, \$2,500.  
Assistant clerk to Senator Gore, Mrs. Nina K. Gore, \$1,500.  
Messenger to Senator Gore, Mrs. Margaret M. Kay, \$1,200."

Each of the above draws in addition to the salary given a bonus of \$240 per annum. This is very interesting when it is recalled that Howard M. Kay is Senator Gore's brother-in-law; that Mrs. Nina K. Gore, is the Senator's wife; and that Mrs. Margaret M. Kay, wife of Howard M. Kay, is his sister-in-law.

Thus in addition to Sen. Gore's personal salary of \$7,500 a year, or \$625 a month, the members of his family receive \$5,920, or nearly \$500 a month, a total of \$13,420 a year or over \$1,100 a month. This does not include the salary drawn by his brother D. F. Gore, who was on the pay roll throughout the major portion of Senator Gore's service; nor does it include the fees of \$100 a day Senator Gore received on the lecture platform while neglecting his duties in Washington.

It will be recalled that in eight years, covering four Congresses, Senator Gore was absent on two-thirds of the roll calls in the senate. Out of a total of 4040 roll calls he was absent 2450 times and present only 1590 times.

This probably explains why it was that Senator Gore was able to buy two fine brick mansions in the fashionable part of Washington and to acquire large oil holdings in Texas, though he does not even own a home in Oklahoma and does not pay a penny in taxes in the county which he calls his home.

This is the representative of Oklahoma who prates that the politicians and that the newspapers are against him but that he is the friend of the man with the hickory shirt who toils from early morn till late at night. "Let the truth accuse—let justice judge."

We can understand almost any controversy better than one concerning the consolidation of two or three school districts. When really good citizens oppose the conversion of two four months schools into one nine months school, we confess that we are baffled by their curves. In the program for building up the rural districts and making rural life attractive, nothing occupies a more important place than rural school improvement. All over the country there are found hundreds and hundreds of half dead districts employing only one teacher and running a four or five months term. Such schools are robbing their pupils of at least one half of their opportunity. They are making it almost impossible for the pupils to win out in competition with pupils from first class schools. They are placing a handicap on such pupils that will abide with them through life. Then why citizens should oppose consolidation when such consolidation is feasible is almost beyond comprehension. Why should any man oppose multiplying the opportunities of his children by two?

It is no defense of a man charged with opposing the war policies of his country to say that he had a right to oppose President Wilson. It is no defense of such person to say that Wilson is autocratic and has been encroaching on the prerogatives of congress. No one should be criticised for merely opposing the president, unless the president is engaged in carrying out a policy vital to the life and independence of the nation. The offense of those who practiced obstruction during the war period did not lie in their opposition to the president. It lay in their opposition to their country. It lay in opposing the adopted plans of the commander in chief of our military forces. It lay in opposing the vigorous prosecution of policies designed to save the nation from disaster. It lay in obstructing and delaying measures on which the nation depended for its life. It lay in doing things that the central powers desired might be done. It is certainly no defense of such men to say that a congressman has the constitutional right to oppose a president and that the president was not diplomatic in dealing with congressmen.

Census returns are expected to show a remarkable falling off in the number of railroad tickets to Joplin.

The fruit freeze doesn't look so bad since sugar has gone through the skylight.

## The State Press

Vinita Journal: Irish potatoes roasts ought to be popular among the idle rich these days.

Vinita Journal: If there is no danger of the hookworm, this paper is heartily in favor of the barefoot club.

Oklahoma City Times: Some preachers seem to have the idea that they are also paid for working overtime.

Chickasha Express: It's fierce to have to pull the "heavies" out of the moth balls only a week or two after having "salted" them down for the summer.

Marlow Review: Paying six dollars per bushel for potatoes would not seem so nearly like robbery if we knew the farmers who raised them were getting the benefit of the price.

Ardmoreite: After congress finishes any investigations it may now have on hand, will it please investigate and ascertain the reason why hens always quit laying when eggs are high and why sugar prices ever skyrocket at preserving time?

Marlow Review: Prohibition laws don't seem to prohibit entirely. A well organized still was captured inside the city limits of Marlow Saturday night, that is said to have been turning out some of the best "mountain dew" that ever hit town.

Chickasha Express: But who cares if the republicans are staging the niftiest little family row since 1912? They claim they are looking for a "compromise" candidate, but the chances are when they find him he'll eventually be the original "goat."

Oklahoma City Times: The supreme council's conference at San Remo seems to have ended more amicably than seemed possible a few days ago. The solidarity of the coalition is not what it was during the war. That was hardly to be expected. But friendly relations and some unity of purpose continue to shape their diplomatic course. The hope of Germany to set them to quarreling among themselves is temporarily thwarted.

## RACE SUICIDE IS GREATEST MENACE TO OKLAHOMA NOW

Oklahoma's greatest menace is race suicide.

This is what the census reports of the state will show when final re-

sults are given out officially, according to unofficial reports from every district in the state. While census supervisors and enumerators are not allowed to give out figures as to the enumeration, personal observations and a summing up of the general situation is not forbidden.

Not only in the cities is race suicide very marked, but the rural districts show a slump in the number of children. City families, however, are credited with the greatest part of the decrease in children.

In the eighth district, where conditions in the small cities and on the farms are on the highest scale in the state, with the smallest percent of ignorance, the lack of children is most marked, according to C. H. Hyde, who is district census supervisor, and he has made a close study of the district.

In many instances as low as six children under the age of ten years may be found in 100 population, and many other communities will show from ten to twelve children that age in every 100 population.

This condition is especially noted in the western half of the state, similar reports coming from the seventh district. Other districts are but little better than these two, reports show.

Six should be the average number in a family, according to a statistician, and the percent of children under one-third percent. Oklahoma will show approximately 10 percent according to these figures.

Oklahoma's foreign population must be relied upon to furnish the next generation, it is shown, since the lack of children is not noted in families where the mother is Scandinavian, Dutch, German, Austrian or Italian. Farm families are next in number of children, while the wealthy class living in cities, are practically childless.

In the eighth district it is said that many rural townships are not expected to show even the total population reported in the last census, ten years ago. Hundreds of farmers have left the land and moved to towns. It is said not enough hogs are raised on the farms of the district to supply the demand at home.

One of the reasons for this is said to be that the working class has more conveniences and luxuries than the farmers. The farmer feels this keenly, and is inclined to blame the city people, and especially organized labor, for the cutting down of hours of labor and production, thereby laying a heavier burden upon the farmer to increase his production to meet the demand, with prices not increased proportionately.

While farmers are shown to be more wealthy, the mortgage debt has also increased. In some districts it is noted that only six farms in a whole township are being farmed by the owners, free of mortgage.

## TWO SPECIAL TRAINS TO CARRY SHRINERS

TULSA, April 30.—Arthur C. Farmer, head of the transportation committee having in charge the trip of Tulsa Shriners to the Imperial council meeting at Portland, Ore., in June, announced Saturday that two special trains of 13 cars each, with 350 persons, will leave Tulsa over the Frisco on the night of June 12.

The itinerary includes three days in the Canadian Rockies and stops will be made at Calgary, Banff, Lake Louise, Vancouver and Seattle. Entertainment will be provided at these places. Mr. Farmer announces that after having made arrangements to accompany the Tulsa Shriners have cancelled their two cars and the reservations are now open to fully 100 on the waiting list in Tulsa who are desirous of making this trip.

A special train has already been engaged to carry the Tulsa contingent from Portland to the National Democratic convention at San Francisco.

## MARRIED TWENTY, KILLS TWO WIVES

SUNNY CALIFORNIAN SAYS HE KILLED TWO AND CONTRIBUTED TO DEATH OF TWO OTHERS

By the Associated Press

LOS ANGELES, Cal. April 30.—Murder not bigamy is the charge against R. E. Huirt, who last night admitted, according to the district attorney that he had killed two wives, contributed to the death of two more and had married at least twenty.

Benny Kauff.

By NORMAN E. BROWN

Benny Kauff, having slipped a bit below the speed he set for himself last season, is anxious for the present season to get under way so that he can "ear loose." Benny believes he is set for a big year. And the spirit he shows is one of the reasons why Benny is one of the few Feds still starring in baseball. Benny is more than willing to learn and is a plunger.

The Federal league put Kauff in the baseball limelight. Benny, a Middlesport, O., boy started his baseball career with a semi-pro team near home in 1909. He helped his father in the coal mines as a boy. He first tried the pro game with Parkersburg in the Virginia Valley league in 1910—as pitcher and outfielder. The Yankees gave him a tryout in a few games the next year and then sent him to Bridgeport, recalling him the next season. They decided he wouldn't do, however, and back to the bushes he went. He played with Rochester, Brockton and Hartford. After two years at Hartford Benny figured he was due to go up again but was turned over to the Indianapolis A. club. Just at this time the Federal league was signing every likely looking player in sight to build up its outlaw league and Benny heard the call of coin and jumped.

He became one of the big stars of the Feds and in the settlement that followed the armistice between the feds and organized ball Benny became the property of the Giants.

Manager McGraw saw a star in Kauff and labored long with him to correct a batting fault and teach him other fine points of the game.

How Benny, press agent to the skies as "greater than Ty Cobb" and heralded as one of the greatest finds of all time, managed to keep his head clear is a mystery. But he pulled through. He's a very valuable member of the Giant outfielding trio of Young, Burns and Kauff.

He's twenty-nine years old. Last year he batted .277, collecting twenty seven doubles, seven triples and ten homers. His fielding was only fair.

## BOLSHEVIK STRENGTH GONE

POLES CAPTURE MOHILEV, 1500 RUSSIANS, HUNDREDS OF MACHINE GUNS AND LOCOMOTIVES

By the Associated Press

WARSAW, April 30.—The resistance of the Bolsheviks has been broken in south Ukraine, according to today's communication, which announced that the Poles had captured Mohilev, and are now moving east along the Dneisker river. The Pole had captured 1500 Russians, hundreds of machine guns and 76 locomotives, the communication said.

Funeral of Mrs. J. E. Sloan.

The funeral services of Mrs. J. E. Sloan, who died yesterday morning after a lingering illness, were held at the Sloan residence on South Johnson this afternoon. Rev. C. V. Dunn of the First Christian Church conducted the funeral exercises in the presence of a large number of relatives and friends of the family, both from Ada and from Center, Shawnee, Wewoka, Holdenville and other points. After the funeral ceremony the remains were conveyed to their final resting place in Rosedale Cemetery.

Mrs. Sloan was one of the best known women of Pontotoc county. She had lived at Center for the past twenty-five years, and was known there as one of earth's noblest women. Her maiden name was Mauldin and her aged mother, who lives at Wewoka, was with her when she died. Mrs. Sloan was in her forty-fifth year and is survived by her husband and five children.

Among the relatives who attended the funeral were Mrs. Mauldin of Wewoka, Tom D. Dotson, Mrs. Dotson, and Misses Jewel and Faye Dotson of Wewoka, Mrs. J. T. Ramage of Wewoka, J. T. Mauldin and Mrs. Mauldin of Shawnee, Hugh Ramage and Mrs. Ramage of Holdenville.

Feeding of Children.

Do you know it is estimated that at least 15 per cent of all children of the United States are suffering because of improper or insufficient food? These children are found among all classes of people. The cause is not so much low income as a lack of knowledge on the part of the mother as to the kind of food children need. Nor is this knowledge gained through instinct. Mother instinct may give a woman love for her child but not the wisdom to properly feed and care for it. This comes only through training, which all girls should receive.

Food for children should be simple and wholesome. Briefly stated, every child should have the following each day: A cereal as well as bread and butter to give energy for work and play; some form of meat, eggs or cheese to furnish material to build strong muscles; some fruit for the mineral, so essential for growth. And besides these he should have in his day's diet at least three cups, or better still, one quart of milk in some form, not only to

build muscles and give energy for play, but because it is the best source we have of the lime necessary for building strong bones. He should receive these things in amounts varying with his age and activity, but sufficient that his gain in weight is normal for children of his age.—Home Economics Department, Oklahoma A. &amp; M. College, Stillwater.

If you have not rendered your personal property, you had better see the county assessor, Nick Heard before the first of May and avoid the penalty. 4-23-3t

Speak Gently to the Coffee

The classic sign, "Don't shoot the professor; he's doing the best he can", which hung over the piano in a Dodge City dance hall in pioneer days, is rivalled by a card in a Kansas City restaurant; "Don't make fun of our coffee, you may be old and weak yourself someday."

Special for Saturday—Sunshine Cake and Marvel Roll at American Bakery—next door to Post Office. 4-30-1td.

## Attention Please!

Let's you and I discuss the matter thoroughly. Have you ever read the ads in this space and wondered if the author of them was really sincere? Have you ever entertained the idea that I was "four-flushing" and not adhering strictly to an honest advertising policy in my several compositions? Have you ever once believed that my announcements were exaggerations? If so, you were terribly wrong. For, is it reasonable to suppose that there should be a just cause in my endeavoring to persuade you to believe an untruth? When a business is so very much superior to any other of its kind in the county, when none others for miles and miles around can possibly equal its marvelous value and incomparable worth, tell me please what necessity is there for any exaggeration? When a business like ours is so far advanced of the resemblance what would be the use in overstepping the mark? And again, when a business manages to attain that height of stupendous superiority, is it not time that you were considering the benefits of that particular institution? Is it a sensible plan for you to go on and continue to patronize the establishments conducted under a policy of "wash-tub" ideas, when we were in your midst proudly floating a flag of victorious colors, and offering you the unequalled services of an invincible institution, great grand and convince you. But what is the use? I'm going to give you credit for having enough common sense to refrain from placing yourself in a deplorable condition by casting your lot with those who are indifferent. While you are deciding which is best we are here working and toiling, giving the best service and the greatest satisfaction to those who have already wisely decided.

# TAMPA WOMAN WANTS TO TELL OF HER RECOVERY

**Mrs. M. E. Smith Says She Suffered Almost Continuously From Indigestion For Six Years.**

**HAD TO USE A CANE IN ORDER TO WALK**

**Despaired of Finding Relief Till She Tried Tanlac—Has a Ravenous Appetite Now and Rheumatism Is About Gone.**

"I am so glad to see how perfectly my health is being restored that I feel like telling everybody about it," said Mrs. M. E. Smith, of 906 Morgan street, Tampa, Florida. "About eight years ago," continued Mrs. Smith, "I began to have trouble with my stomach and suffered almost continually from indigestion. My food would sour caus-

ing spells of bloating and almost unbearable pains in my right side. I finally lost all desire for eating and could find nothing that would agree with me and just lived on crackers and the like until all my strength and energy left me and I felt tired and worn out all the time. The rheumatism, from which I had suffered for several years,

hurt me worse than ever. I was not only unable to walk without the use of a cane, but got so weak I could hardly get in and out of my bed. Nothing I took helped me and I had almost despaired of ever getting any better. "My son had got a bottle of Tanlac and it had such a wonderful effect on me that I sent and got five more bottles and my son and I both are taking it with most gratifying results. In just a few days after I started taking this grand medicine my appetite began to pick up and I had less trouble with indigestion. I now have such a ravenous appetite that I can hardly get enough to eat, and although I am now eating many things I had to shun before I am not having the least bit of trouble with my digestion. My strength is rapidly coming back, the rheumatism is so

much better that I am able to walk about the house and go up and down stairs without the use of my cane. By taking Tanlac and rubbing my limbs with Kimosan Oil I have gotten rid almost entirely of my pains. Tanlac Laxative Tablets are the best thing I ever tried for constipation. I am so thankful for this wonderful medicine that is fast making a woman of me; my friends say they can already see a great improvement in my condition and I am feeling better in every way than I have in many years." Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

## Freckle-Face

**NOW IS THE TIME TO GET RID OF THESE UGLY SPOTS**  
Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this

month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles.

## The News Bible Lesson

Job 36:1-11.

Elihu also proceeded and said, Suffer me a little while, and I will shew thee that I have yet to speak on God's behalf.

I will fetch my knowledge from afar, and will ascribe righteousness to my Maker.

For truly my words shall not be false: he that is perfect in knowledge is with thee.

Behold, God is mighty, and despoiseth not any: he is mighty in strength and wisdom.

He preserveth not the life of the wicked: but giveth right to the poor.

He withdraweth not his eyes from the righteous: but with kings are they on the throne; yea, he doth establish them for ever, and they are exalted.

And if they be bound in fetters, and be holden in cords of affliction; Then he sheweth them their work, and their transgressions that they have exceeded.

He openeth also their ear to discipline, and commandeth that they return from iniquity.

If they obey and serve him, they shall spend their days in prosperity, and their years in pleasures.

# PAINTS

You have no doubt admired some good job of painting, but you probably never stopped to think that it was the paint and not the work which pleased you.

Good Paints, such as we sell, not only look well, but cover more surface and last longer than ordinary paints.

It pays to buy good Paint even if the first cost is a little more.

**Properly Applied**

While the application of the paints is secondary to the quality, it is nevertheless important. We will take your job and guarantee the best of workmanship and the best of service.

## OVERALL CLUBS ARE NOW JOINING FORCES

MUSKOGEE, April 30.—The Old Clothes and Overall club of the Federal building, and a similar organization of the Katy railroad have agreed to join forces.

The federal committee called upon the railroad employees yesterday afternoon with a view of getting all organizations formed to combat the high cost of clothing, under one head.

"We found the railroad employees very enthusiastic. In fact they fine any one of their members caught wearing anything but overalls," said George Wachtel a member of the committee.

"The federal employees will hold their regular monthly meeting in the U. S. marshal's office at 4:30 o'clock Monday afternoon. We will agree upon a date to call a general mass meeting probably in the district or superior court room one night during the week."

The club's committee is investigating the proposition of opening and operating a co-operative store. They have been advised that three stores of this kind are being operated in Parsons, Kansas, with success. All goods are bought for cash and sold for cash, with only enough profit to care for the overhead expenses.

Employees of the federal building yesterday received a supply of "overall club" literature from Joe Norris of Oklahoma City, an official of the state organization. Mr. Norris, in his letter, asks that all local organizations co-operate with the state organization.

## OKLAHOMA LEADS IN DRUG TRAFFIC INSPECTOR SAYS

WICHITA, Kan., April 30.—More violations of the drug regulations are found in Oklahoma than in either Texas or Kansas, according to J. L. McCormick, inspector for the United States internal revenue service for six states.

McCormick presumes this is because Oklahoma is newer, and existed for years under territorial laws. The laws formerly permitted prosecutions for the violation of dope, but newer government regulations make it a violation of the statutes to sell the drugs only.

Drug bootleggers, grown fabulously wealthy through the channels of their law-violating traffic, have purchased airplanes and are believed to make regular trips from Mexico into the United States without molestation, Mr. McCormick said.

They have found that the smuggling of drugs through Mexico is an extremely profitable means of making a living, especially since the government has clamped down through the customs officials at seaports on the importing of huge amounts of cocaine, opium and similar drugs from the Orient.

Japan and other Oriental countries are forming a closer bond with Mexico because of this illicit commercial connection, it is believed.

## AMERICAN IDEALS TAUGHT CHILDREN IN PITTSBURG CO.

McALESTER, April 30.—One of the most effective steps in Americanizing the foreign-born population in this section and the children of foreign-born parents, is said to be that of the establishment of good will centers throughout the mining belt, as practiced by the missionaries of the Baptist church, particularly Rev. Ozro McKnight of this city, evangelist to the miners.

At these centers the children of the foreign element are taught the simpler forms of domestic science, and are taught to sing, especially patriotic songs, and are made to feel that their American friends have a real, genuine interest in them.

Two such centers have been established in Okmulgee county, and with gratifying success. These centers are schools as well for the teaching of the foreign element the English language and the instillation, as nearly as possible, of the fundamental ideas in American civil life.

Rev. McKnight a year ago established a Sunday school among the foreign population of Krebs, and today the school has outgrown its old quarters and must have larger ones. It has the largest attendance, it is said, of any Sunday school in that city, and an unusually keen interest.

Of equal, if not greater importance, is the work being done by Mr. McKnight in the teaching of sanitation and disease preventives through the use of stereopticon slides. These are furnished by the government, and cover a variety of diseases, and particularly the dangers of malaria and the methods of fighting it through the destruction of the malarial breeding mosquitoes.

"Whenever I get a chance to use these views effectively," said Mr. McKnight, "we will have a little meeting and an illustrated talk on the importance of these matters for the benefit of health and the prevention of disease. I find they make a lasting impression, and the results more than justify the time and trouble."

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BALLARD'S SNOW LINIMENT. It is both healing and antiseptic. Sold by Bart Smith. (Adv)

## HOPELESS DISEASES CAN NOT BE CURED BY DOCTORS OR MEDICINE

There are some diseases which are absolutely hopeless and past cure by any physician or medicine, but they may yet be palliated and a medicine if it can not help in one case, it may help in another. To any one suffering from a disease a remission is a degree of health and a medicine that relieves or palliates a disease is of great benefit. We can not guarantee to cure any disease with Number 40 For The Blood but we quote word for word what the ingredients in 40 are recommended for in the U. S. Dispensatory and New American Materia Medica. "In the treatment of blood troubles, an acknowledged Gwin & Mays Drug Store. adv.

## The MEN'S SHOP

**Present Clothing Prices Compare Favorably With Advances In Other Lines**

**YOU'VE SEEN** a good deal of talk in the newspapers about the price of clothing being high. While clothes do cost more in dollars and cents, they are really lower in price than they were before the war if the prices are measured in present quotations on most commodities. Here are some comparisons:

In 1914 it took 50 bushels of corn to pay for a \$25 suit. Today 50 bushels of corn buys a \$60 suit and a \$10 pair of shoes.

In 1914 it took 400 pounds of hogs to pay for a \$25 suit and a \$3 hat. Dec. 30, 1919, 400 pounds of hogs would pay for a \$60 suit.

Nov. 1st, 1914, 50 bushels of wheat at 77c bought a \$25 suit, a \$5 pair of shoes, a hat and a pair of gloves. Nov. 1st, 1919, 50 bushels of wheat at \$2.13 paid for a fine \$60 suit and a big warm overcoat.

Nov. 1, 1913, a farmer had to sell 193 pounds of cotton at 13c a pound to pay for a \$25 suit. Nov. 1st, 1919, he could buy a \$60 suit for only 165 pounds of cotton.

That's the way it goes all down the line. It's as easy for the average man to pay \$60 for a suit now as it was to buy a \$25 suit a few years ago.

When you buy, it pays to get good clothes. Hart Schaffner & Marx Clothes are good, all-wool, stylish. They wear so long they save for you.

PRICES: \$45 TO \$65
